

Z TOKEN

THE FUTURE OF LUXURY NIGHT LIFESTYLE

About Us

Z Token is designed for a new generation of luxury lifestyle enthusiasts who appreciate world-class entertainment, premium hospitality, exclusive experiences, and digital innovation.

World's first luxury nightclub ecosystem to accept payments in multiple cryptocurrencies, creating a seamless bridge between Web3 technology and real-world entertainment.

Zouk Group Legacy

Since its inception in 1991, Zouk has played a pivotal role in driving the dance music movement in Singapore. It has consistently offered party-goers a spectacular atmosphere and a premium, luxury nightclubbing experience.

As the pioneer clubbing institution in Singapore, Zouk was the first club to introduce House music. It bravely steered away from the popular trend of Top 40s and retro playlists, establishing itself as a trailblazer in the industry.

Zouk evolved into an all-encompassing global lifestyle brand in October 2015 under the direction of the leading global leisure, entertainment, and hospitality enterprise, Genting Hong Kong.

Now in its 34th year, the club is on a continuous mission to push the boundaries of music experiences to take the Zouk spirit to international shores.
With its expansion into the F&B sector, Zouk Group added a cocktail bar with a “Vice” theme, Here Kitty Kitty Singapore, and an Omakase fine-dining restaurant, Sushi Ichizuke, to its growing F&B pillar.

Today, Zouk Group also owns the franchise for FIVE GUYS in Singapore and Malaysia. Further expansion plans in the pipeline include bringing Zouk Japan on board the new Global Class Cruise ship in 2025 and beyond.

- A 10% deduction on every withdrawal goes to the **Ecosystem Fee & Future Projects.**
- If the required cap headroom is not available, affiliate, rank, and other rewards are not credited.
- The base plan uses a **flat 200% lifetime cap.** Rank rewards and Seed funding benefits are cap-exempt for a lifetime.
